

History

At Prettygate Schools we aim to teach lessons that will inspire pupils' curiosity to learn about the past. Through history lessons, our children become historians, developing skills of enquiry, analysis and critical thinking. Our curriculum is designed to sequentially build knowledge, starting with the children's personal history, family history and local history, building towards understanding the past in the wider world.

To enrich our curriculum, teachers skilfully weave in opportunities to immerse our children in their topic through external visitors, themed days and school trips to complement and reinforce their knowledge. Ultimately, we aim for our children to leave our schools with a love of learning about the past and equipped with the skills for their continuing learning journey.
