

Art

Art is an incredibly important aspect of any culture, and at Prettygate Schools this is no different. We believe that art represents some of the greatest forms of human creativity, and this is something to be embraced.

The art curriculum at Prettygate engages, inspires and challenges our pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art, craft and design.

Part of our children's learning is to study a range of artists both historical and recent, and form their own opinions of their work. As they move through our art curriculum, our children become increasingly proficient in drawing, painting, sculpture and other art, craft and design techniques.

Art is designed to be shared and celebrated, and we love sharing our children's art creations! As you walk along our corridors, you will always see examples of the children's art.
